

# The Blueberry Partnership Program:

Inside the punnett.

As a Blueberry Markets Partner you'll join an exclusive club of Introducing Brokers, who enjoy the benefits of a passive income business, with endless opportunities for growth.

**Our Partner Program is for you if:**

- ✓ You have built up a reputation of expertise and credibility in the Forex industry
- ✓ You're ready to set clear financial goals to increase your rebate revenue
- ✓ You need bespoke marketing strategies to attract more clients
- ✓ We limit the number of IBs in our Program, so we can focus on giving our partners unrivalled opportunities, support and benefits - all to give you a thriving IB business that grows continuously year-on-year, with a rebate system that runs itself.

# What's in it for you?

A Partner Program unlike anything else out there. One that's been designed to make you more money.

We do this in two ways:

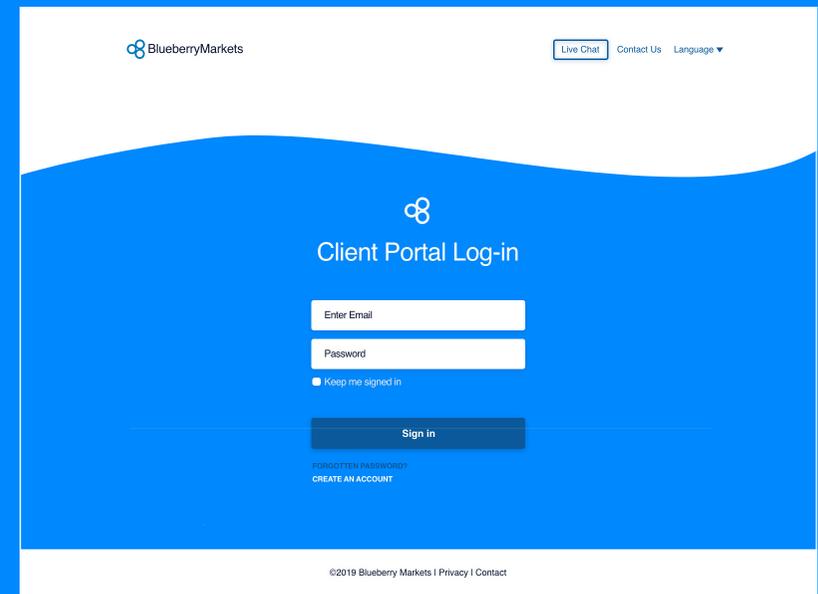

## 1. Track Your Traffic

Track each click with your unique tracking URL:

1. When your client lands on our website, a cookie will track them for 30 days

2. The moment they open a demo or live account all activity is assigned to you - for life

3. You can see real-time income, statistics & information through the IB control panel

## 2. Bespoke marketing assets & support

Build your reputation. Convert more leads. Service your clients better. Elevate your IB business above the rest with:

### Custom Landing Pages

A co-branded web page that's customised to look like your site will make your clients feel reassured that there is synergy between your business and ours

### Live chat support

We can provide 24hr live chat support on your website. Plus make it easy for you to personalise your client's experience through auto prompts and custom sales scripts.

### Salesforce access

Detailed info on where your leads are in their buying journey, as well as extracting data and reports.

### Marketing strategy session

Pick the brains of our sales and marketing team, with a strategy session that includes an SEO audit for your website and a competitor advertising activity analysis.

# What's in it for your clients?

You've worked hard to build trust amongst your client-base, so when it comes to recommending a Forex broker, it's your reputation on the line. We get that.

**We'll support your referred clients to become profitable traders every step of the way:**

- ✓ A dedicated account manager and 24/7 support
- ✓ High standards of regulation (ASIC) so they know their money is safe
- ✓ A world-leading trading environment that suits all experience levels
- ✓ Daily trade tips and resources to improve their trading strategies

**Because happy clients are happy traders.**

# Watch your business grow through the tiers.

Our Partners Program is built on a three-tier system that provides you with goals to work towards. As you move up the tiers you'll reap the rewards and grow your business.
